Subject: Summary of Key Active CWA Section 404 Cases

Joel—as requested, attached is a summary of the status of key, active CWA Section 404 cases.

We recommend sitting down with you in the near future to review the provisions of the elevation process with the Corps, some relevant stats and practices of the Regions with regard to permit reviews, and some recommended ‘filters’ for us to employ to ensure you have the info you need.

Let us know if we can do anything further in the meantime.

Thanks

John
